## BIG FOUR AGREE ON PEACE TERMS

### RAILROAD EMPLOYEES RECEIVE ANOTHER BOOST IN WAGES—WERE \$65,000,000

(By Associated Press)  
Washington, April 11.—Wage advances aggregating \$65,000,000 were ordered today by Director General Hinds for 400,000 railroad employees, firemen, train men, and conductors in both passenger and freight service members of the "Big Four" railway brotherhoods retroactive since January 1, 1919. The increases were arranged according to a contemplated schedule. The average advance in pay per man per year will be about \$160. This action practically completed the war cycle of wage increases granted railroad men since the government took over the management of the roads 15 months ago. Including this order the aggregate pay increases allowed by the Railroad Administration to the two million railroad employees is at the rate of \$222,311,000 a year, more than \$100. average per man. Thus the total pay roll of America's railroads is raised nearly to three billion dollars a year from the basis of approximately two billion dollars when the roads passed under government control.

### BUSINESS MEN TO AID IN BIG BUSINESS BOOM

(By Associated Press)  
Washington, April 11.—American business men are preparing to offer a number of suggestions as an aid to industrial readjustment says an announcement issued here today by the Chamber of Commerce of the United States giving a preliminary outline of the program for the Seventh Annual Meeting of the association to be held in St. Louis April 25th to May 1st inclusive. Subjects for discussion will include disposition of the railroads, the merchant marine, anti-trust law revision, public utilities, foreign relations and foreign trade, agriculture, industrial production, waterways and highways. Speakers will include several cabinet officers.

WANTED—Lady stenographer. Apply to C. E. Tilton, Insurance Office, Opp. Postoffice.

### CALIFORNIA WILL PASS UP "JAP" LAWS

(By Associated Press)  
Sacramento, Cal., April 11.—In reply to a cable from Secretary Lansing asking that the state legislature take no action on bills affecting Japanese, the state senate has sent a message saying that in deference to the President no such legislation would be considered this year. The senate urged settlement of the Japanese question.

### BROKE HER ANKLE AND WRIST BY FALL

Mrs. Marela Freeman sustained a broken ankle and wrist by a fall at the home of her son, Arthur B. Freeman on Islington street this forenoon. She was working about the house at the time of the accident and tripped over some wire.

### Conference Has Settled All Differences and Speedy Peace Will be Made.—Ger- man Delegates to be Summoned in Two Weeks

#### ORDERS FOR STRIKE INVESTIGATION

(By Associated Press)  
Boston, April 11.—The investigation ordered by Gov. Coolidge to determine conditions underlying the Lawrence textile strike and to fix the responsibility for its continuance will be opened in Lawrence next Monday by the State Board of Conciliation and Arbitration. Notices requesting the attendance of mill men and strikers at the hearings, which probably will be held in the Lawrence City Hall, were being prepared today.

#### RUSSIAN PRISONERS NOW FREE

(By Associated Press)  
Berlin, Thursday, April 10, by A. P.—The Munich Revolutionary Council has ordered the immediate release of all prisoners of war in Bavaria. The order frees thousands of Russian prisoners including the Russian Communist Axelrod.

(By Associated Press)  
Paris, April 11.—The peace conference has reached an agreement on all questions concerning peace with Germany reparations, indemnities and the frontiers of the Rhine and Poland, according to an interview in the Petit Journal with the Secretary of Premier Lloyd George. Certain details remain and it is added, they will be settled in two or three days. The German delegates will be summoned to Versailles in two or three weeks. The British Premier, his secretary in quoted as saying, thinks that if the Allies agree as well at present as during the war achievements of the peace conference will be lasting and numerous dangers, including Bolshevism, will be averted.

Paris, April 11.—Between the session of the council of four this forenoon at the Paris White House and the plenary session of the peace conference this afternoon, President Wilson and Mrs. Wilson planned to entertain Queen Marie of Roumania at lunch.

Washington, April 11.—There were no additional reports at the War Department early today on the situation at Archangel where a company of American troops refused to obey orders to entrain for the fighting front until appealed to by their regimental commander. Absence of news was regarded as a favorable sign. The units at Archangel are not seasoned soldiers. They are selective service men. In the past they have shown high morale. Even now officers argue the munitions company probably would show an important change of heart if a general attack were undertaken on the Bolsheviks. No uneasiness is felt concerning the American contingent in Siberia which is largely composed of old regular units.

Washington, April 11.—More progress has been made in the peace conference during the last 48 hours than during the entire previous two weeks, according to advices received at the White House today from Paris. Without giving details these advices indicated that some of the chief difficulties delaying progress in the negotiations had been overcome and that the President had secured acceptance of certain of the important points for which he had been contending.

Paris, April 11.—A personal plea by President Wilson has resulted in the exemption of the Moscow doctrine from the covenant of the league of nations. At last night's meeting of the league of nations commission he offered the amendment and made a plea for it, saying that he believed the doctrine was protected in the terms of the covenant as they stood, but because of the demand for specific exemption, he felt it imperative that the amendment should be added. There was some adverse argument but the amendment was adopted without prolonged opposition. The Japanese amendment was not reached. Geneva has been chosen as the seat of the league.

#### QUEBEC VOTES FOR LICENSE

(By Associated Press)  
Montreal, April 11.—With a large number of distant points in Quebec province yet to be heard from the wet majority registered in the referendum yesterday in favor of light wines, cider and beer had increased to 115,000 today. The temperance leaders claimed that while bone dry prohibition had not been achieved a substantial victory had been won in that the people showed they wanted "hard stuff" done away with.

#### THE WEATHER

Washington, April 11.—Rain tonight and probably Saturday. Colder Saturday in New Hampshire and Vermont. Fresh to moderately strong south and southwest winds.

Deals and near deals all the air.

### REVOLUTION SPREADING IN BAVARIA

(By Associated Press)  
Copenhagen, April 11.—A revolution movement in Bavaria has spread to Baden and agitators are working in Karlsruhe, Mannheim and other large towns, according to dispatches to the Achet Uhr Blatt of Berlin. The agitators are said to be attempting to start a revolution and to proclaim a Soviet Republic in Baden. They would also unite Baden and the Bavarian Soviet government. The Council of Peoples' mandate which has been in control at Munich has been disposed of by the communists who have formed a communist government there, according to a Nuremberg paper.

Berlin, Thursday, April 10.—The seven largest banks in Berlin were closed today as a result of the spread of the strike of bank clerks. Clashes between strikers and workers were marked by stickbats and heated altercations.

### 25 KILLED IN SPARTACAN RIOTING

(By Associated Press)  
Copenhagen, April 11.—In a new Spartacan outbreak at Düsseldorf yesterday 25 persons were killed and 26 wounded when government troops used machine guns on Spartacan demonstrators, the Lokai Anzeiger, of Berlin, says.

### ENEMY ALIENS RELEASED

(By Associated Press)  
Washington, April 11.—Putting into effect the policy of removing "war alien" restrictions as far as possible an enemy alien, the Department of Justice has ordered the release from parole and cancellation of bonds of more than 10,000. This applies only to the aliens arrested during the war and subsequently paroled and not to those interned.

#### THE ORIGINAL FRONT-LACING CORSETS

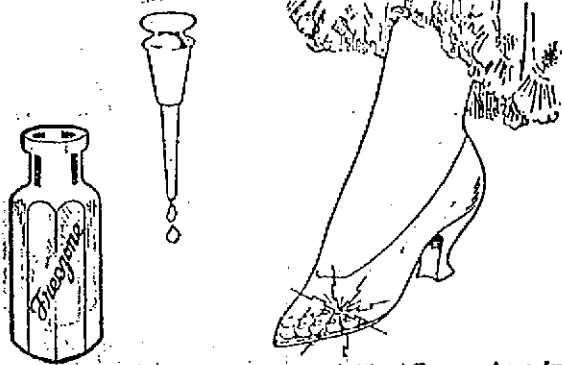

Offered this season with a front so perfect that it rivals the beauty of the world-famed Gossard back. The perfect front eliminates all appearance of fat or thickness and gives a hygienically correct abdominal support that means all day comfort standing, sitting or bending. The Gossard back, with its delightfully flat lines that never have been and never will be attained by those attempting imitations, perfectly supports the spine and back muscles in every position.

Let our trained corsetiere help you find the particular corset—a perfect fitting Gossard. Our Mrs. Estabrook has just returned from New York, where she has been attending the Gossard school of instruction, and is thoroughly posted on all the newest information regarding corsets and fitting. She holds a graduate diploma given only to those qualifying according to the high Gossard standard.

### WELCOME HOME SERVICE MAY 30

Portsmouth War Camp Community Service is planning to hold another Demobilization Service on the 30th of May. Being Decoration Day, the day when the G. A. R. honors its sleeping comrades and the whole community joins in grateful appreciation of their deeds; it seems especially fitting to supplement this annual memorial with a "Welcome Home Service" for the

veterans of the World war, thereby making public recognition of the noble part they have had in breaking the chains of demobilism and oppression.

A carefully arranged program will be on May 30, given in the Portsmouth Theatre at 8 p. m., details to be published later.

## LABOR ASKS REMOVAL OF BURLESON

(By Associated Press)

Tampa, Fla., April 11.—The Florida State Federation of Labor in annual convention here yesterday adopted a resolution petitioning President Wilson to remove Postmaster General Burleson from office "on account of his attitude toward the telegraph and telephone workers in refusing to deal with them as organizations."

## Memorial Trees.

A dispatch from Washington says the indications are that many trees will be planted this spring to serve as memorials of men who lost their lives in the great war; in fact, of all Americans who served in the war, for the trees planted for this purpose should in most cases, if the right varieties are selected, outlive even the last survivors of the unprecedented conflict.

According to the dispatch it is the plan to do this planting on Arbor Day, and nothing could be more appropriate. Arbor Day is observed every year to a greater or lesser extent by the planting of trees and shrubs for the beautification of streets, cemeteries, public grounds and private properties, and it is a most commendable custom. If trees are now to be planted in memory of the brave men who fought and died for the cause of human liberty there could be no time more appropriate for the work than Arbor Day.

That attention is being given to this subject in many parts of the country is indicated by the inquiries being received by the Department of Agriculture relative to the kinds of trees it will be best to plant in different sections. These inquiries are received not from individuals only, but from chambers of commerce, boards of trade, park commissions and clubs of various kinds. Some of the inquiries are from mayors of cities, and all go to show widespread interest in the proposition, which is one to be encouraged in every possible way.

Some time ago it was suggested that it would be well to plant trees along the highways as memorials to soldiers. That plan did not commend itself to this paper at the time, and it would not now, for the reason, then stated, that trees along the highways in all parts of the country are already so common that there would be nothing distinctive about those planted for memorial purposes. In other words, they would be like headstones without inscriptions.

But trees planted in public squares, cemeteries or in any part of a town or city to serve as memorials will be known to the communities as such, and will thus serve their purpose for many generations to come, and do it effectively.

It is not proposed that trees shall take the place of memorials of a different character. There may well be honor rolls and memorial buildings and bridges, but in addition to these it will be eminently fitting to place trees where they will serve through the coming years as reminders of what heroic Americans did in the cause of world freedom and righteous government among men.

This suggestion comes at an opportune time and should result in favorable action in all parts of the country. The work will be inexpensive, it is one in which the people of a community can take a direct and personal part, and one which in the coming years will many times repay those who take part for all of the effort and labor expended.

The head of the committee to conduct the Victory Loan drive in a New England city reminds the people that the war has been won, and that now the bills must be paid. This is a simple and plain statement of the case, and the people should prepare to meet increased taxation without whimpering. It has got to come. There is no escape.

The people of the city were much pleased by the announcement that two more entertainments are to be given here by the company from the naval prison that did such good work on a previous occasion. It is safe to predict that the house will be filled both evenings and as many more times as the men may see fit to come.

The papers contain reports of numerous robberies of returned soldiers, who in many instances are placed in a proper condition for the operation by the use of a "little nip." Men who will do this are as despicable as the despot against whom the soldiers have been fighting, and ought to be made to share his fate.

"Americanization" appears to have reached France, where President Poincaré has commuted the death sentence of the man who shot Premier Clemenceau with murderous intent to ten years' imprisonment. This sounds as much like home as anything that has lately come from France except the dough-boys.

No wonder that Atlantic City would like to be the headquarters of the League of Nations. It would be better advertising than its "glorious spring climate." But it is hardly to be expected that the coveted headquarters will be established on this side of the Atlantic.

What more acceptable Easter offering could there be than a completed and satisfactory peace treaty? And all are hoping that such an offering may be ready in time.

When you read of a land where thieves do not break through and steal bear in mind that Kittery is not the place referred to.

## WELCOME HOME

## NAVY YARD NOTES

### 25 Women Going

Owing to lack of money 25 female operators will be discharged from the electrical shop on Saturday.

### Extends Thanks

The navy's thanks for welfare work during the war, with an expression of hope that similar activities would continue in peace times, were conveyed to the Knights of Columbus headquarters at Washington on Thursday by Acting Secretary Roosevelt.

### Good Foundry Job

The men in the foundry of the Industrial Department are feeling quite good over their recent accomplishment in the pouring of a starboard propeller hub for the U. S. S. South Dakota. The fitting, in of manganese bronze and weighs 8 1/2 tons. It is the largest casting ever turned out by the yard foundries and came out of the mold perfect in every way and without a hitch from start to finish.

### Holding Up the Work

The Industrial Department is suffering at present for the necessary money for outside shipwork. This situation brought about by the failure of Congress to pass the necessary appropriation is the cause of holding up the work on the U. S. S. San Francisco and Paducah.

### Will Work as Usual

At present there is no prospect of April 19, Patriots' Day in Maine, being observed at the local yard in the way of suspension of work.

### On Special Duty

Lieut. Austin H. MacGinnick, executive officer of the naval prison, has been assigned to a short period of special duty at Norfolk navy yard.

### Sailors from Scorpion Back

Thirteen sailors, two of whom were in the crew of the U. S. S. Scorpion interned at Constantinople by the Turks, arrived from 22 months' overseas service at Camden, N. J., on Thursday, on the steamer Western Union. Eleven were in the relief crew sent to the Scorpion when the armistice was signed. Among them is James Timney of Quincy, Mass. The sailors will be sent to Pelham Bay, N. Y., to be discharged.

## PEOPLE'S OPINIONS

### Suggests a Fire.

The Herald suggests in the issue of April 10 that Portsmouth celebrate in some way the signing of the peace treaty in France. I would suggest that part of the celebration be a large fire on the playground with all the old trucks on Parrott avenue, along the shore of the South Mill Pond, used to make the blaze.

P. P. D.

### More About Rowdies.

The article by A. New Resident hit the nail on the head. Every night a gang of rowdies locate on Congress street. If the police get \$1.25 per day let them get on their job and take some of these hoodlums to the station house. Now it is coming spring keep these hoodlums out of Goodwin Park this summer, stop the Sunday ball playing, also bicycling through the park.

ISLINGTON ST. RESIDENT.

### Editor Herald:

Portsmouth's welcome to its war heroes on their arrival does not seem typical of our old historic city and is much commented upon. When the boys arrive they look for a sign of welcome at the station. It is not that our citizens are not proud of the boys who went forth with such patriotic fervor for all appreciate their loyalty. But the soldier lad, who has been through torture on the battlefields of France expects to see some evidence of Portsmouth's appreciation and the

welcome sign as he steps off the train and it is missing.

Why not look up the flags of the Allies and string them up at the station and have a canvas banner on which is the word "Welcome?" Many other cities have their railway stations decorated in a similar fashion and it shows the right spirit. Is Portsmouth going to be a backslider in this matter?

A PATRIOTIC CITIZEN.

## BERTILLON TEST GIVEN MACKNIGHT

Boston, April 11.—Declaring that it was plainly a case of mistaken identity and that he had never served a day in the Ohio penitentiary, Dr. Harman P. MacKnight of this city, on trial before a jury in the federal court who was positively identified by a former officer of the Western prison as having been a prisoner there under the name of "Harman P. MacKnight" in 1888, succeeded Wednesday in obtaining an adjournment of the case so a Bertillon examination could be made at police headquarters to prove his point.

## HUNS WOULD FORGET CRIMES

Welman, April 10.—The German National Assembly has been at work some weeks now, and has demonstrated, among others, two things clearly. It is unable to do business much more speedily than the old Reichstag, chiefly because there is little unity and much discussion between the parties, and the old order of things has changed very little despite the myriad of new faces.

The latter is perhaps the most important point, because the Assembly was haled by countless German papers—and particularly by the agencies that supply the outside world with news—as the birth of the new republic, the beginning of a new regime, the living emblem of the passing of the old.

It is now in a sense, and the old regime has passed perhaps, but there are enough of the old people left, and so many of the new people are not much unlike the old, that the effect in the Welmar theatre is not much different from the Reichstag. One hears precisely the same arguments from the floor, watches precious time fly by over the same or similar arguments as well to make one despair of constructive legislation.

Perhaps the most striking thing in the tone of the great majority of the party speeches. Just one delegate has had the courage to attack the Conservatives and the moral strength to go on record as admitting that Germany had something to do with starting the war.

Man after man, regardless of party, has, in speeches, proved to his own and the house's satisfaction that Russia, France or England, not Germany, started the war.

Several have declared that neither the German government, nor the German people wanted the war, or knew even that it was coming, let alone beginning it or having the remotest to do with starting it.

One lone man has had the courage to tell the house that the German treatment of Belgium forever forbids German complaint from being effective. The great bulk of the delegates, as the great bulk of the people of northern Germany, seems to have adopted the attitude:

"Well, it's all over now. We, the people, didn't start the thing at any rate, so let's start out even and square, with no hard feelings on any side." And slaughter as it may seem, there doesn't seem a person hardly who can get the viewpoint of any foreigner, even that of the now popular American.

The Assembly is the principal outlet for every known kind of propaganda, indulged in nearly as vehemently and excitedly by the Social Democrats, as by the Conservatives.

First there is the Alsace-Lorraine question. It comes up three, four, a dozen times a session, and always raises the same enthusiasm. Every old and shop-worn argument it trotted out and cheered. It has never occurred to the Germans that on the other side of the fence there are fairly good arguments to support France's retention of these provinces.

The junction with Austria provokes an almost equal enthusiasm, and it would almost seem as if half the speakers insert it in their speeches for that purpose alone. A countryman from farthest East Prussia can be sure of a "bravo" if he mentions the brethren in Austria yearning to become the left end of the German litz.

The Schleswig-Holstein question has come to the front lately and Germany is filled with propaganda to show that Schleswig should and must remain German.

### WAGE BOOST CAUSE OF NEW HUGH FARES.

Springfield, April 11.—Pres. Clark V. Wood of the Springfield Street Railway Company Thursday issued a statement to the effect that if the demands of the trolley men are granted the payroll will be increased \$13,000 a year at least. These are approximate and not exact figures. Therefore,

he said, the amount may go even higher than the estimate.  
The men demand \$5 a day for eight hours' work, while the company offers to pay by the hour, which would amount to \$3.87 as the maximum for nine hours. If the demands are granted it was stated that the present 6-cent fare would have to be increased to at least 10 cents and perhaps more.

## N. H. LOAN COMMITTEE MEET IN MANCHESTER

Manchester, N. H., April 11.—The executive committee of New Hampshire for the forthcoming Victory Liberty Loan drive, met here Thursday and went over the situation for the campaign. There were present Ex-Gov. Roland H. Spaulding of Rochester, John K. Bates of Portsmouth, Mayor James B. Crowley of Nashua, George A. Fairbanks of Newport, T. Edward Cunningham and Charles W. Tobey of Manchester and James Dean of Boston, chairman of the New England Victory Loan Committee.

### LEMON JUICE

#### FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.  
Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

## SMALL CHARGES

As an accommodation The Herald accepts classified ads by phone with the understanding that cash for same follows immediately. The charge for this service is so small that we cannot go through bookkeeping and sending bills. The Herald will appreciate it if its thousands of customers will aid us in saving time and expense. It costs to mail a bill, postage, envelope, paper and labor, about 10 cents. Send cash with copy and help put over the victory loan.

Hundreds of small "ads" appear in The Herald with this direction: "Write letters so and so or box so and so." The Herald phones are then kept hot by hundreds of calls.

### METHODIST CHURCH

Dr. G. L. Hanson of the War Camp Community service will have charge of the prayer meeting this evening.

### K. OF C. NOTES

There will be a meeting of all committees on the ball this evening at the home. Final preparations are being

made and all indications point to one of the most successful events ever conducted by the council. The two Secretaries are back from Boston, having been called away to help with the work of the returning troops.  
There are pictures at the K. of C. building at the Port three evenings a week and a large number of men are always in attendance.

The next meeting of the Fourth Degree Assembly will be held on Tuesday evening, April 22nd. A banquet will be served after the meeting.

Secretary Cosnell is making arrangements to have the lawn on the west side of the home levelled off preparatory to laying the tent floor for the coming season.

John P. Dondore, a popular member of the Council has been discharged from the army. He has just returned from an eight months tour in France. "Don" is popular with the boys. He will resume his position in the General Store next week in charge of Class 45.

## PERSONALS

## BOAT DID NOT WAIT FOR THE GOVERNOR

Governor John H. Bartlett with the New Hampshire delegation who were at Boston to greet the soldiers on the U. S. Mongolia did not make the Mentor the official boat, which went off before he arrived. The Boston Traveler has the following comment on the incident:

"Governor John H. Bartlett of New Hampshire and about 450 New Hampshire relatives and friends were banded in a body on Commonwealth pier as the boat docked. The Governor from the Granite State greeted Gov. Coolidge with the remark that he thought there was some mistake in the make-up of the local committee, when the Governor of a state with as many representatives as he had on board, should be left standing on a dark pier while other officials sailed down the harbor."

## A COSTLY SEWER REPAIR JOB

The Board of Public Works have struck an expensive sewer repair job

on Green street, and they have been working on it for weeks. The sewer is large enough, in fact too large for the district, having a thirty inch pipe. It became clogged up on Vaughan street and when it was opened it was found to be plugged solid. This made it necessary to open it up several places on the street and as it went down to twelve feet at the lower end and thru quick sand it was a tough proposition. Every opening had to be blocked up with timber and it has been simply a case of clear out a small section at a time, as no methods could be devised to force the sand and deposits that has got into the pipe.

The expense of clearing it will also equal that of a new sewer. The pipe is so large that there is not enough flowing through it to keep it clear.

## CENTRAL LABOR UNION HAVE BIG MEETING

The annual meeting of the Portsmouth Central Labor Union was held on Thursday evening and it was one of the warmest labor meetings held in this city for a long time. The election officers was on and as President U. A. Cooney for many years president of the Central Union, had retired owing to ill health, there was a lively contest for his position.

The following officers were elected: President—Fred Staten of the Draftsmen.

Vice-President—W. H. Noyes of the Machinists.

Secretary—M. H. Clarke of the Printers.

Treasurer—M. F. Chandler of the Steam Engineers.

Regent-at-Arms—F. Benfield of the Wedge Workers.

Trustees—Mack Potter of the Carpenters, R. C. Mouton of the Electricians, and Fred Dethridge of the Machinists.

U. A. Cooney the retiring president, entered and a committee consisting of Messrs. Dethridge, H. B. Thompson and M. F. Chandler was appointed to draft resolutions of appreciation for his untiring devotion to the cause of organized labor.

## THIN, FRAIL FOLKS NEED PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollow angles by the soft rounded lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to a deficiency of phosphorus in the blood. Our bodies need more phosphorus than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the arginine phosphate known as Bitro-Phosphate.

Bitro-Phosphate is a bitro-phosphate which is inexpensive and is sold by Dr. W. Adams in Portsmouth and most all druggists under a guarantee of satisfaction or money back. By feeding the body cells with the necessary phosphoric food elements, Bitro-Phosphate quickly produces a welcome transformation in the appearance. The increase in weight is rapidly being accomplished.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright, and pale cheeks glow with the bloom of perfect health.

CAUTION.—Although Bitro-Phosphate is recommended for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-forming properties, be used by anyone who does not desire to put on flesh.

## "PAIN KILLER" NEWEST DRINK

Bath, Me., April 11.—When a man having \$23 and four pint bottles of vanilla in his pockets was arrested for drunkenness Tuesday night, Sheriff Wilbur Oliver pronounced to his deputies he was going home to bed. "When a man with that much coin has to get drunk on vanilla," said the sheriff, "there is no fun in it and we need not worry."

One of the latest substitutes for "booze" is a well-known pain killer or painex. It contains 51 per cent of alcohol, and its possibilities as an intoxicant are said to be marvellous—yet no deaths have been reported from its use as a beverage. The sheriff has placed a ban upon a certain brand of essence of lemon which has come into large use in the past few weeks as a whiskey substitute. Dealers have been ordered to stop selling it.

## NEW JITNEY BILL AS PASSED BY LEGISLATURE

The so-called jitney bill which passed the last legislature and became effective on its passage has been giving local drivers of jitneys more or less worry. According to the bill the local men are not affected to the extent which they feared and much depends on the way they conduct their business.

According to the terms of the public service commission this law does not affect operators of motor vehicles merely as taxis if such business is not commonly conducted along a regular route.

For the benefit of those concerned, for the benefit of those concerned and the readers of the Herald we reprint the bill as it became a law which is the following:

An Act to Regulate Motor Vehicles engaged in the Carriage of Passengers for Hire.

Section 1. Every person, firm or corporation operating any motor vehicle other than a street car upon any public street or way in the business of transporting passengers for hire, and receiving and discharging passengers along a regular route over which the vehicle is operated, is hereby declared to be a common carrier and as such shall be subject to the provisions of this act so far as applicable thereto.

Section 2. No such person, firm or corporation shall conduct the business defined in section 1 of this act along any portion of a public highway unless upon petition and public hearing thereon the public service commission shall determine that the public good requires that such person, firm or corporation should engage in such business and shall have granted permission therefor. The public service commission, by general or special orders may establish reasonable rules and regulations relating to the speed and operation of such vehicles, and the number of passengers to be carried therein and otherwise safeguarding the public interest; and every such person, firm or corporation shall comply with such rules and regulations. Any order of the commission granting permission under the provisions of this section shall be conditioned upon the petitioner filing, within thirty days after the date of such order or within such longer time as may be specified in said order and thereafter keeping in full force and effect a good and sufficient bond in such form and with such sureties as may be approved by the commission, providing for the payment of damages caused to any person or property through any default or negligence in the operation of any such motor vehicle, said bonds to be in a penal sum equivalent to five hundred dollars for each motor vehicle to be operated and the additional amount of one hundred dollars for each passenger permitted to be carried therein, and no motor vehicle shall be operated unless such bond shall have been filed and kept in full force and effect. The bond required by this section shall be deemed to include any policy of insurance or indemnity by which the insuring company shall assume the liability defined by this section, provided that such company is authorized to do business in this state.

Section 3. Every city or town within or through which any motor vehicle described in section 1 shall be operated shall have power to make by-laws relating to the licensing of such motor vehicles therein and fixing reasonable license fees therefor; such by-laws to have the same force and effect as by-laws of cities and towns as provided in chapters 10 and 50 of the Public Statutes.

Section 4. Any person, firm or corporation violating any of the provisions of this act shall upon conviction thereof be fined not exceeding one hundred dollars.

Section 5. This act shall take effect upon its passage.

Approved March 27, 1919.

## FOOLHARDY ATTEMPT TO BOARD A TRAIN

Spectators stood against last evening when a young man had a mad race in an attempt to board the 5:30 train for Portsmouth at the local passenger station. The train was moving at considerable speed when he reached the station, but he was able to overtake it. He got hold of the rail at the rear platform of the last car, but as the train was gaining speed at the time he couldn't get ahead fast enough to jump on the step, and was finally obliged to relinquish his grasp to avoid being dragged to death.

It was at first thought he was going to get injured but he managed to escape. He was at Merrimack street bridge when he recovered himself. For a minute he stood and steadfastly gazed after the fast vanishing train, then he hiked it back to the station—Newburyport News.

## NEW DESTROYER LAUNCHED AT BATH

Bath, Me., April 10.—The torpedo boat destroyer Aaron Ward, practically completed and said to be further advanced than any ever before launched in this country, slid into the waters

of the Kennebec river today. She is the sixth destroyer launched from the yards of the Bath Iron Works within 18 months.

The new warship was christened with champagne by Mrs. Sappa of Washington, wife of Rear Admiral Washington L. Sappa, senior member of the compensation board. Mrs. Sappa is a daughter of the late Rear Admiral Aaron Ward for whom the craft was named. Miss Edith Ward of Roslyn, L. I., another daughter, also was present.

Rear Admiral Ward, who was retired in 1913 and died last year, was promoted for eminent and conspicuous conduct during the Spanish-American war.

The destroyer will be commanded by Lieut. Comdr. Raymond A. Spruance, executive officer of the transport Agamemnon, which brought troops of the 2nd division to Boston this week.

## GOODALL WILL NOT BE A CANDIDATE FOR THIRD TERM

Congressman Louis B. Goodall of the First Maine District made the following announcement from Florida on Thursday:

"Owing to the death of my brother and the increase in our business I have decided not to be a candidate for a third term in Congress and will retire at the conclusion of my second term. I desire to take this opportunity to thank my friends who have so generously supported me during my candidacy for Congress."

## WILL CUT TERMS OF ARMY PRISONERS

New York, April 11.—Court martial sentences of life imprisonment or such terms as 20 and 30 years are reduced to a minimum of months by a plan permitted under army regulations which has been introduced into the disciplinary barracks at Governors Island by the commandant, Col. John E. Hunt.

The plan involves a far-reaching scheme by which the soldier prisoners may not only return to civil life free from the stigma of imprisonment, but better equipped physically and educationally to take up the battle of life.

The national war work council of the Y. M. C. A. is co-operating with the military authorities in the educational work among the prisoners.

There are between 600 and 700 prisoners in the barracks, some are from overseas. One was sentenced to a life term and several to 20 years. What these sentences really mean was explained by Col. Hunt.

## ONLY 125 YANKS BLINDED IN WAR.

Washington, April 11.—There were but 125 cases of total blindness and less than 4000 amputations in the American forces engaged in the war, it is stated by the bureau of war risk insurance.

**A VICTORY  
LUNCHEON**

A Victory Luncheon was given on Thursday at the Women's Building under the auspices of the local Suffrage League, of which Miss M. Frances Hallowell is president.

The speakers were Miss Edna Wright of New York, who has rendered efficient service in states which have since gained suffrage, and who has been conducting a Citizenship School in Nashville and Manchester for the purpose of instruction in the fundamental principles of citizenship and the actual duties involved, and Mrs. Mary I. Wood, who emphasized special points in Miss Wright's talk.

An effort is being made to have Miss Wright in this vicinity to conduct a similar course in citizenship.

**THE HERALD HEARS**

That it took the war to send the prices up and they still continue to go skyward.

That by the way the situation looks at present it will take another war to get the prices down.

That Portsmouth has some fast modest female bowlers who's names are now seen in print.

That many of them can show some of the male bowlers a thing or two in shooting at the candlepins.

That the mosquito will soon be with us on his continuous free lunch route.

That the government is distributing \$150,000 or more money for weekly payments at the navy yard.

That a milliner's bill gives a man almost as much scare as a mouse does a woman.

That local labor leaders had a busy session on Thursday night.

That there are times when the fatal gift of beauty looks as if it had been purchased at a bargain counter.

That several Portsmouth people are attempting to locate seats somewhere in Boston to witness the 26th parade.

That a new drink in Bath, Me., has jukey and other substitutes stopped for booze.

That it is a pain killer known as pinene.

That it contains 51 per cent alcohol and has the authority.

That a sheriff in that city shouts that bath is certainly a dry burg.

That he says it was proven on Tuesday night when he arrested a man with \$23 in his pockets and also four pint bottles of vanilla.

That when they drink the flavoring extract and have \$23 on their jeans, old hardy man is not to be found.

That the public works have put a gravel walk across the playground to Elwyn avenue—something very much needed and appreciated.

**DIED IN SOMERVILLE**

Death Calls Adam P. Smart, a Former Business Man of This City.

Adam P. Smart, a former resident of this city, died in Somerville, Mass., on Wednesday from heart trouble after a short illness.

He was the son of the late Mr. and Mrs. George Smart and for many years was employed by H. M. Clark & Son on Congress street. He later filled the position of manager of the Peoples Market at the corner of Daniel and Penhallow streets. He was an expert in the meat business and succeeded in building up an excellent trade in both stands.

He left Portsmouth nearly five years ago to assume charge of a meat and provision business in Somerville. Deceased had a host of friends in
